TOSHIBA

VERSATILE WORKHORSE

Digital Inverter Next R32

Highlights NEXT level: compact – durable – efficient Easy-install features Easy commissioning functions 3-level silent setting

Digital-Inverter NEXT outdoor units for RAV single-room systems with refrigerant R32, for cooling- or heating operation with a wide performance spectrum. To be combined with SL indoor units (RAV-HM models). Available in eight capacity levels from 2,5 to 14,0 kW cooling capacity.

Performance

- Suitable for 24/7 continual operation
- Exceptionally high efficiency in part load range
- Controls at the lowest minimum capacities
- _ Small and light chassis
- Corresponds to the ECODESIGN Lot 10 Directive

ightarrow Flexibility

- Max. pipe lengths up to 50 m
- Max. height differences up to 30 m
- Flexible control options available
- Wide operating temperature range

| ightarrow Technical details | |
|-----------------------------|--|
|-----------------------------|--|

- Twin rotary compressor
- Direct current hybrid inverter technology
- _ All units 1-phase, 230 V available
- Capacities 10, 12, 14 kW alternative 3-phase, 400V available
- Inspection window simplifies maintenance
- Kit available for noise reduction, max. capacity control, compressor operating signal
- 3-stage night operation adjustable
- Save Operation setting for demand limitation of 50% to 100%

\rightarrow

- The Digital Inverter NEXT system
- 100% TU2C-link compatibility
- Special functions with SL indoor units
- Special solutions for Technical Cooling /IT
- Backup / rotation / redundancy functions
- Free Cooling control
- Power Shift increases lifetime and saves energy
- Supports new comfort remote control RBC-AMSU52-E
- Supports new comfort remote control RBC-AWSU52-E with Bluetooth functionality
- Special Easy Commissioning solutions
- Special Quick Service Tools
- Commissioning Mode for clear display of all sensor data
- Easy Monitor menu to check all sensor information
- Easy I.DN Setting for easy DN code setting
- Pressure Estimation Display during test run
- Refrigerant amount check
